'A NOVEL ARGUMENT.

Annexation of Canada to the United States finds advocates even in England. That s.aid old paper, the Pull Mall Gazette, favors + as a means of strengthening the friendly relations seiween Great Britain and the United States. This novel position it supports by the argument that if the Canadians would "become of the United States they would take ever to task new country 5,000,000 Amoricans, bound to America by every tie of interest and commerce, but firmly attached in sentimene to American citizens who were also well-wisbers to England, would in itself be incalculable, but that would not be all. The intercourse between Canada and the states is already very considerable and very friendly; when he Ganadians were all Americans it would become closer and more intimate still. A DAZZLING PROGRAMME. A new 'deal" in New York politics is talked of, which has scope enough to satisfy the pellifeian of most comprehensive views. Though it will probably fail to "matorialize," still it is worth a moment's attention for its comprehencive originality. The basis of it is to be a seorganization of the republican party of the state of New York in the interest of Blame. Conkling is to be dropped—that us, his resurrection will not be permitted, and he will not be re-admitted to the party. The principals named in this scheme are Postmaster-General James and Senator Warner Miller. There plan had been formed before the late election, the result of which was to decide its feasibilit, Success exceeded expectations, and the managers are now ready to go ahead Herotofone James has been identified with the Grant-Con :ling faction, though in reality line relations with it have not been of a close or intimate character. It is now alleged that he has sevared his connection with the "stalwarts" and joined the Blaine interest Under the new arrangement Blaine is to succeed Conkling as chief of the republican party of New York and James is to be the candidate for governor next year. Conking, Grant and all their fo lowers are to be rigorously excluded from confidential relations with the managers, and Now York is to be made a unit for the nomination of Blame for the presidency in 1894 With James in the executive chair of the state no doubt is entertained that asolid Blaine delegation could be sent to the national convention So powerful a force would make he nomination certain. As Blaine is sagactual enough to see that New York must decide be ate, so he is bold enough to undertake a greagame for a great stake with no bad prospect of success. This is an outline of a solienic which is set forth in detail by the quid nunce if New York politics Somebody has probably seen drawing heavily on his imagination for ma facts The story itself is no mean exploit shough the dazzling programme is outlines be wholly new to the persons whose names figure so conspicuously in it

45 Years Before the Public. THE CENUINE DR. C. McLANE'S

CELEBRATIO ef Pils, FOR THE CURE OF

Hepatitis, or Liver Complaint,

Symptoms of a Diseased Liver.

DAIN in the right side, under the - edge of the ribs, increases on pressure; sometimes the pain is in the left side; the patient is rarely able to lie on the left side; sometimes the pain is under the shoulder blade, and it cently extends to the top of the ilder, and is sometimes mistaken rheumatism in the arm. The ach is affected with loss of appeand sickness; the bowels in genare costive, sometimes alternative lax; the head is troubled with , accompanied with a dull, heavy ation in the back part. There is erally a considerable loss of memaccompanied with a painful senon of having left undone someg which ought to have been done. ight, dry cough is sometimes an idant. The patient complains of riness and debility; he is easily tled, his feet are cold or burning, he complains of a prickly sensaof the skin; his spirits are llow; although he is satisfied that exerwould be beneficial to him, yet can scarcely summon up fortitude nough to try it. In fact, he distrusts every remedy. Several of the above emptoms attend the disease, but cases have occurred where few of their existed, yet examination of the body, after death, has shown the LIVER to

have been extensive y deranged. AGUE AND FEVER

DR. C. McLane's Liver Pills, in CASES OF AGUE AND FEVER, when taken with Quinine, are productive of the most happy results. No better cathartic can be used, preparatory to, or after taking Quinine. We would advise all who are afflicted with this disease to give them a FAIR TRIAL. For all bilious derangements, and as a simple purgative, they are unequaled.

BEWARE OF IMITATIONS

The genuine are never sugar coated. Every box has a red wax seallon the lid. with the impression Dr. McLANR'S LIVER The genuine McLane's Liver Pills bear
